# Payment procedure for education

## Payment procedure for economic universities:

**The student pays only the tuition fee upon admission to the university.** ( Preparatory faculty in the Ukrainian language is \$ 1,200).

1. The student submits documents to us, we coordinate it with the university. After approval, he pays \$ 100 (expenses for the invitation form, postage for sending the invitation). Payment is made to the university's bank account or company's bank account. We are sending an invitation to you.
2. The student draws up a visa with an invitation from the university.
3. After receiving a visa, the student pays half of the tuition fees according to the official agreement between the student and the university ( $1200/2 = 600$  dollars or in English  $1200/2 = 600$  dollars) to the bank account of the university. After receiving payment from the student, the university sends a letter to enter Ukraine, without the letter, border guards will not let the student cross the border, or a company representative will meet with this letter at the airport.
4. Upon arrival in Ukraine, the student pays the rest of the tuition fee (600 dollars) and the commission of our company \$ 500, paid to the bank account of the company.

## Payment procedure for medical universities:

1. The student submits documents to us, we coordinate it with the university. After approval, he pays \$ 100 (expenses for the invitation form, postage for sending the invitation). Payment is made to the university's bank account or company's bank account. We are sending an invitation to you.
2. The student applies for a visa with an invitation from the medical university.
3. After receiving a visa, the student pays half of the tuition fees according to the official agreement between the student and the university (for example, in English  $3200/2 = 1600$  dollars - Medicine or  $3400/2 = 1700$  dollars - Dentistry) to the bank account of the university *or all tuition fees are made after arrival in Ukraine, but you need to agree with us*. After receiving payment from the student, the university sends a letter to enter Ukraine, without the letter, the border guards will not allow the student to cross the border or a company representative will meet with this letter at the airport.
4. Upon arrival in Ukraine, the student pays the remainder of the tuition fees (for example,  $3200/2 = 1600 - 100 = 1500$  dollars - Medicine or  $3400/2 = 1700$  dollars - Dentistry) and the commission of our company \$ 500, paid to the bank account of the company.
